UNDER AN ANGEL

The black box goes riding
through the pleasant afternoon
Followed by others, it carries their
love
Each of these crying, with tears for
a friend,
Whose destiny has arrived but he meets
no end.

They stand in a group, all united
and together,
In their feelings for this bird who
has received another feather,
He has used this advantage to fly up
high,
To the eternal peace found in the sky.
He is content there now and he waits for
his peers,
Who have become hopeful to dry up and
shed all of their tears,
And fixed on the future of joining him
there,
They dedicate a lifetime in order to
share,
The existence he knows and enjoys with
no regret,
Because all of his friends and family
remember him yet.

His closest friends live with a view,
of Adam the man with wings on his shoes,
He allowed me to borrow them to boost
my enthusiasm,
And now I may live under an Angel named
ADAM.

BOYS SOCCER

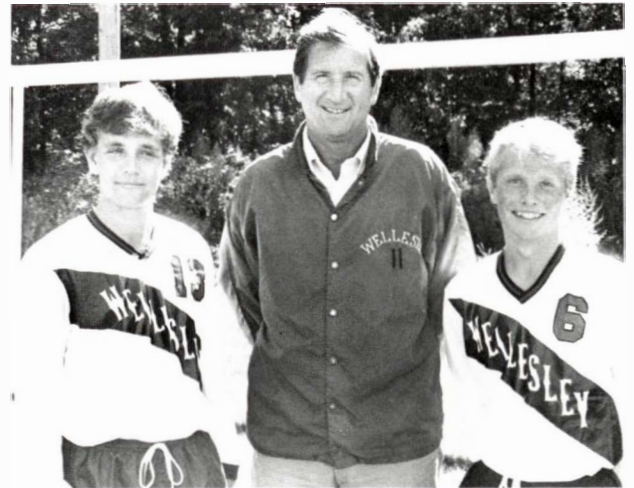

The 1988 Boys' Soccer team finished in fifth place in the Bay State League. With 17 seniors from the 1987 team lost to graduation, the Raiders faced a rebuilding task, and strong competition in their league. Although the season began poorly, losses in the first two games and only one win in the first six games, a great deal of hard work and a lot of progress resulted in a final record of 8 wins, 6 losses and 4 ties. The second half of the season saw the Raiders achieve a record of 5-2-2, highlighted by an exciting final game 1-0 win over rival Needham, ending the year on a high note.

Scott Morrison and Alex Smith were voted to the Bay State League All-Star Team; and Mark Wolf, Jeff Flynn, and Chris Doorley received Honorable Mentions. With 14 returning lettermen, the Raiders Soccer team is looking forward to a return to the M.I.A.A. Tournament in 1989.

GIRLS SOCCER

The Wellesley High School Girls' Varsity Soccer Team had an outstanding season. What was considered to be a building year, exploded into a very successful season. Their overall record was 14-4-3, ending with a climactic victory over Needham (2-0) in the South Sectionals. The two captains that led the team were "Red" Cahill and Andrea Salve. With the tremendous help of their teammates, they were able to produce a season that everyone will remember.

FOOTBALL

The 1988 Wellesley Red Raiders returned from a winless season to capture fourth place in an unusually competitive Bay State League. A strong Senior line was supported by a powerhouse backfield with League All-Star Mark Frisoli. A swarming Raider defense noted for hard hitting was comprised mainly of underclassmen and dominated by All League Matt Lucarelli. This team will be remembered for its dedicated Seniors who brought back "Raider Pride."

The Wellesley High School Field Hockey Team had an outstanding season. With only three returning Varsity players, the Raiders nevertheless finished 15-4-1, their best record in years. Led by Senior Captains Mary Cate Riley and Amy Jutras, the young squad, seeded fifth in the North Section, proceeded to the semi-final round before being defeated in a close game. Bay State League All-Stars this year were Mary Cate Riley, Kristen Juliani, Elizabeth Clarkson, and Beth Chont.

The eight graduating seniors will be missed but the future looks very good for Raider Field Hockey.

This year's rollercoaster wrestling season for the Red Raiders ended on a very positive note. Although, the team's overall record was 8 wins and 8 losses (7-2 in the Bay State League) Coach Thorn's matmen finished third in the Bay State League and third overall in the powerful division II central section. The next three years and beyond will be very exciting for Wellesley Wrestling. Assistant Coach Dave Paltrineri has built such a great training ground with his youth league program that the incoming freshmen will be very competitive for starting jobs. This is Coach Thorn's last year at the helm of the Wellesley matmen and he stated, "It was a most satisfying season because of the personal growth and improvements of so many of the wrestlers."

The 1988-89 Raider's hockey team finished the season with a disappointing 2-18 record. After starting off with two wins in their first two games, the Raiders had major difficulties. An inability to put the puck in the net had them outscored 104-14 in their 18 BSC games.

The season was, however, an exciting one. Led by tri-captains Mark Fallon, Matt Lucarelli, and Pete Sarmanian, the Raiders showed hustle and determination which kept most of the games close through two periods.

Nine players will be lost to graduation from the 1988-89 team which brought Wellesley one step closer to respectability in the Bay State Conference.

BOYS GYMNASTICS

The 1988-89 Boys' Gymnastics team proved this year that a positive, consistent attitude can pay off. Under the instruction of Coach Redman, the team put out all stops on several occasions to secure three wins and an all time high score of 93.1. The roster included captains Kellen Glass, Reese Clews, Barnaby Donlan, four other seniors, and one freshman. Individual members seek post season training, with anon Bay State Games in July.

BOYS SWIMMING

The young and inexperienced boys swim team used hard work and talent to capture the Bay State League Championship in 1989. Finishing with a 6-0 league record and an 8-2 overall record, the team compiled its best record in 10 years.

The team owes many of its accomplishments to the work ethics installed in them by Coach Hunter Adams, a former WHS swimmer himself. Coach Adams always displayed confidence and good sportsmanship, two qualities that he also encouraged in the team.

SKI TEAM

Although there was not a trace of snow at Wellesley High School during the month of January, the ski team managed to get in all of their cross-country and downhill meets. This year's inexperienced team, led by senior captains Heather Dadourian and Scott Muzzy, improved tremendously throughout the season.

Downhill racers Scott Muzzy, Bob McCusker, and Doug McGregor did extremely well throughout the season. McGregor was the only racer to qualify for the states. Two returning cross-country skiers who improved greatly from last season were Rob Seymour and Ed Wilkinson. Everyone worked very hard during the season and improved greatly. It looks as if the team will be very strong and successful next year in both downhill and cross-country.

As we come to the end of the Boy's Varsity Volleyball season, we look back at what has taken place. Varsity consisted of 7 sophomores, and 1 senior. Scott Darwin was the only senior, who played power hitter and strong side back row defense. Matt Godrick and Mark Wolf were the 2 middle hitters. With hitters like Frank Truslow and Dave Snelling, the team was able to adjust. Frank Truslow often kept the team in the game with his back row defense. Matt Godrick, in the coaches mind, was the one player who stood out the most in the game. Although the record was not too great, the returning players for next year's team, are looking for a strong season.

The Raiders' Boys' Tennis Team enjoyed an overall good season under first year head coach Mike Sabin. The team fought for second place in the BSL, behind perennial powerhouse Fram. North, with Fram. South and Needham, before some injuries to a few key players disabled the team. Behind 1st singles Hal Lyden, 2nd singles Chris Sheehan, 3rd singles Eric Snyder (most of the year undefeated) and 1st doubles Malcolm Dunklee and captain of the team Kevin Leach, Wellesley played tough every match, until the injuries got the better of the team. Coach Sabin is looking forward to working with next year's young and promising team.

FOREIGN LANGUAGE

Foreign Language teachers are continuing their efforts to make language learning a more exciting experience for students. It is the second year for the new French program in which students spend more of their time learning the language by doing than by studying about, and which student materials reflect this new emphasis. With time, similar materials will be available in the beginning Spanish and German programs to facilitate the work that teachers and students are already doing.

This is also the second year in Wellesley for Ms. Sylvia Malzacher, French teacher. Mr. Frank Droney has moved from the Middle School to teach Spanish at the High School.

MATHEMATICS

The Mathematics Department continues to strive towards its goals of imparting knowledge and skills to students consistent with their interests, abilities, and backgrounds. These goals can only be achieved with a highly competent and motivated faculty dedicated to the education of our young people. We are quite proud that 98% of the student body is taking math this year, even though only two years are required. We will continue to offer students sound programs in mathematics necessary for future endeavors.

The Social Studies Department has been actively involved in a number of activities this year. Through the "Facing History and Ourselves" course, contacts were made which began an exchange between W.H.S. America class and their counterparts from South Boston High. Meetings have been held at each school and in common at historic sites in Boston.

The Junior Achievement program has brought leaders of business into the Exploring Social Science course to share their knowledge with students on a regular basis.

The department introduced a new course, "the Soviet Union," this fall. This appears to have been a particular timely move given the revolution which is occurring in the Soviet Union, the opening of the country itself, and the improved relations between the United States and the Soviet Union.

SCIENCE

The Science Department has continued to supplement an already strong program in the three major science disciplines with an increased use of technology and other problem-solving techniques in the classroom. The most notable examples this year were DNA labs in biology, computer exercises and experiments in physics, the use of Laser discs in the Introductory Lab Science course, and a variety of problem-solving and research projects in many courses.

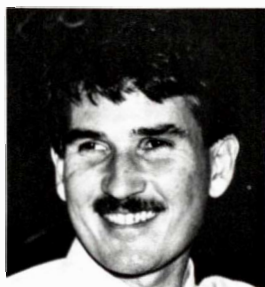

The Science Fair and the Science Olympiad Team have given hard working students an opportunity to solve interesting problems, compete on a state level, and succeed against many other talented students. Each faculty member is dedicated to remaining up-to-date on advances in science. This dedication results in both student academic success and also in increasing student awareness of the importance of science in our world.

ART

The 1988-9 school year started on a bright note with Mr. Robert Callahan joining the high school staff, replacing the one and only, Mr. George McGoff who retired after 27 years of valued service. The great white way (three new showcases installed over the summer) helped illuminate the main hall with student exhibitions throughout the year.

The new course, Art Studio, met the individual needs of each student.

PERFORMING ARTS

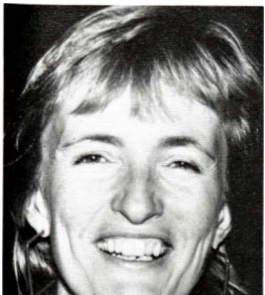

Performing Arts are taught by three teachers, two of whom are new this year. Mrs. Carol Devendorf (director of the Drama Society) joined the staff in a new position of Choral/Drama teacher. Ms. Lory continued to direct the advanced dance ensemble, the Moving Company. Mr. Robert Davis continued to be the director of instrumental ensembles.

The three performing arts collaborated to mount a major musical, "The Wizard of Oz," in December. This performance was creatively staged by Mrs. Devendorf and Ms. Lory with instrument accompaniment directed by Mr. Davis and technical direction by Mr. Jerry Lory. It was a smashing success!

The entire program of studies was refreshed and updated in order to provide a balance of experiences in music, dance, and drama. Major concerts were presented in December and May. WHS again entered the Globe Drama Festival. The music department took its instrumental and choral students on tour to Washington, Williamsburg, and Busch Gardens in April after successfully raising funds for the trip. The year has been rich indeed for students of the Performing Arts.

HOME ECONOMICS

The Home Economics teachers, Mrs. Adrene Gorman, Ms. Marci Ritter, Mrs. Jean Ivers and Mrs. Novogroski, offered courses in sewing, cooking, and child development. High School students run an education program for 3 and 4 year old children three days a week. International Foods students created an international Thanksgiving for their teachers. The Gourmet Goose student-run cafe offered a changing menu of interesting offerings throughout the year. The department also offered two occupational programs in culinary arts and child development.

INDUSTRIAL ARTS

The Industrial Technology Department is in the transition process of moving from a traditional industrial arts program to a technology education department. This change means moving from a project oriented curriculum to a problem solving, interdisciplinary approach to education. This is a national trend.

It is the intent to maintain the partnership between Lee Imported Cars and the W.H.S. Automotive Program whereby senior students may receive a full scholarship to Franklin Institute of Boston paid for by Lee Imported Cars of Wellesley.

An after school industrial technology club has been started and students participating in this club used the department's facilities to design and build projects that solve problems. They used math and science concepts to do so.

BUSINESS EDUCATION

Susan Copell
Dept. Head

The Business Administration and Technology Department has as its primary objective the preparation of students for the technological age of the 1990's. Development of skills in communications, problem solving/decision making, human relations, computer literacy, career planning and an understanding of basic economic concepts are integrated throughout the curriculum.

A new course has been developed for this school year, Business Administration, which gives students a comprehensive look at the business world by assuming the business manager's role in addressing the daily operations of inventory control, cash flow, budget analysis and human relations.

The course revolves around the Junior Achievement Applied Economics program. This multimedia program is an introduction to the study of business and features the Student Company through which students actually operate their own firm. During the first half of the course, students conduct market research, raise capital through the sale of stock, produce and sell a product, and maintain company records. They work with a business consultant from the community, who visits the class once a week.

The Business Department is also responsible for the School Store, which serves the entire student body. The store is opened during lunch shifts and is operated by students enrolled in the Business program. These business students make all the management decisions, including purchase, cost, and sales.

ACADEMICS

NATIONAL MERIT SCHOLARS

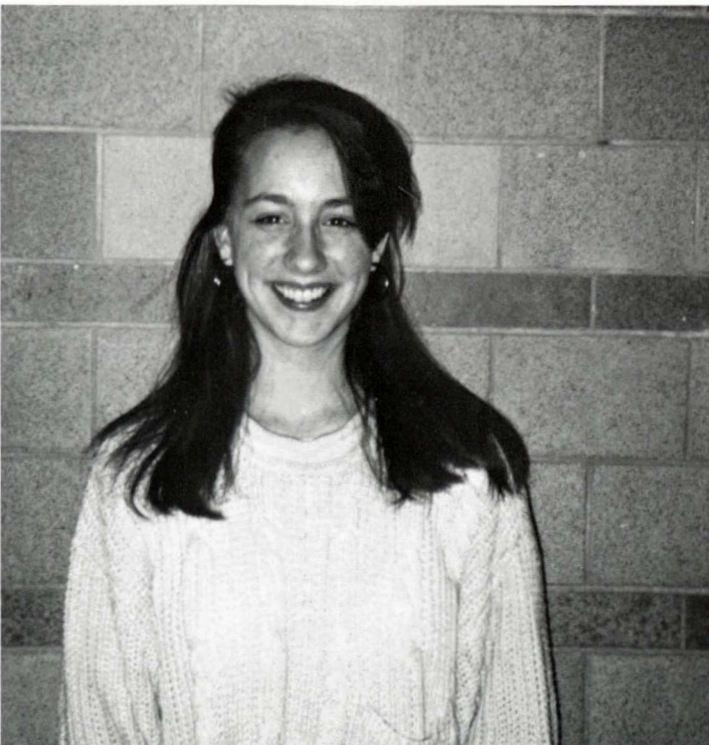

The National Merit Scholarship Corporation announces the names of semifinalists for three reasons: to honor these outstanding students; to bring these students to the attention of colleges and universities; and to focus the spotlight on academic excellence throughout all fifty states. Each year, Wellesley High School is honored to have several semifinalists, and this year Wellesley is proud to announce that the four students pictured below received this honor.

ABC — A BETTER CHANCE

The purpose of ABC is to provide underprivileged inner-city students from around the country with a better education, as well as more challenging experiences, that are necessary to go on to some of the better colleges and universities in the country. ABC gives brilliant and extremely motivated students the opportunity to live and attend high school in Wellesley.

INDEPENDENT STUDY

Independent Study is a school and/or community-based program which has provided experimental learning to Wellesley High School students for over twelve years. Through Independent Study, students are provided the opportunity to have experiences beyond the ordinary course offerings, which could be beneficial to self-growth and understanding.

INTERNATIONAL BACCALAUREATE

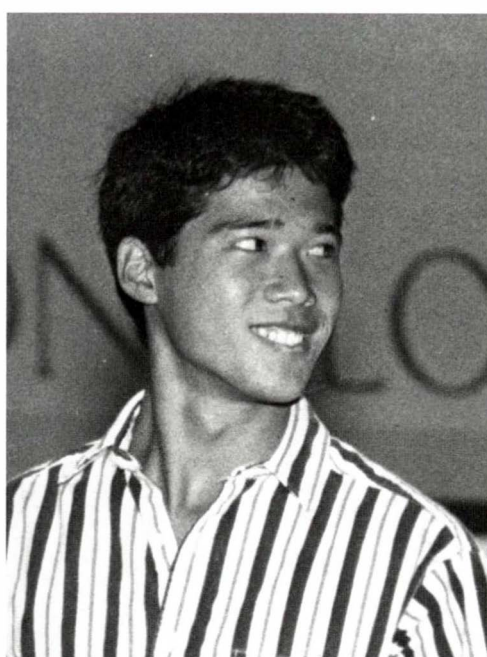

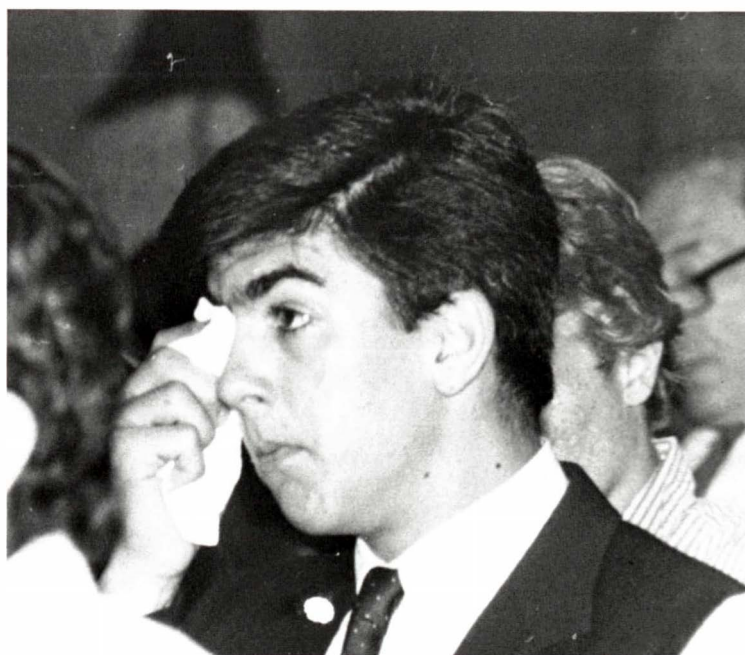

The I.B. Program was directed this year by Mrs. Bourne. This program offers challenges to academically talented students. Students who opt to enroll must follow a rigorous, comprehensive curriculum throughout their high school years in preparation for extensive testing in their senior year. The I.B. Diploma is recognized by top universities around the world. It may serve as an automatic acceptance to some colleges or it may be used to replace freshman year in college.

SOPHOMORES

Class Officers: President Sergia Andrade, Secretary Jocelyn Rubin, Vice-President Seth Bloom, Treasurer Hiroyou Hatano.

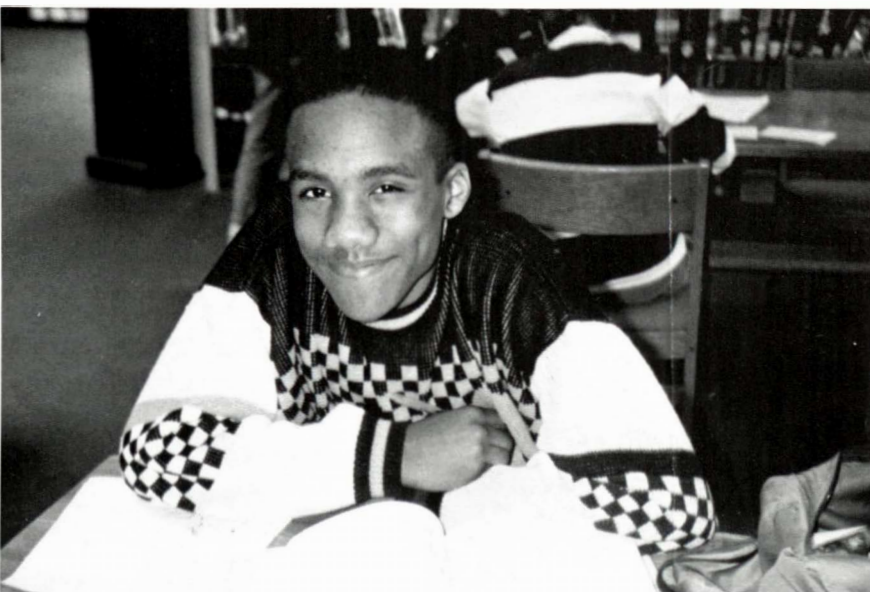

This year, the sophomore class officers have tried to encourage spirit and unity within the student body. The class showed great effort during the school spirit day, and completed a successful fund raiser in the spring. Later in the year, a semi-formal was planned instead of the usual barbeque.

FRESHMEN

Class Officers: George Donovan, Eileen Riley, Dana Turney, Tory Neher

The freshmen started the year off with a bang. Many of the students were in attendance at the school activities. The fund raisers were fun, but hopefully will be more profitable in the years to come. Our most successful event was the semi-formal dance on May 26.

THE 1989 WELLESLEYAN

Producing the 1989 *Wellesleyan* was an especially difficult task this year due to the small number of staff members. Only with their hard work and dedication were we able to complete this 240 page book. Much time and effort was put into meeting our three deadlines — we would like to thank all of the people who helped us out when we really needed them. Although creating this year-book brought us much frustration, it also brought us happiness and many good times. We hope you enjoy it —

the Bradford

The Bradford

This year was a year of the great expansion of the glorious school newspaper. With sixteen to thirty-two page issues appearing monthly, the *Bradford* was able to offer a depth and quality of material the likes of which this school has never seen. The paper purchased a scanner which not only benefitted the school (as the *Bradford* staff used it to layout the "Wizard of Oz" program), but also allowed the paper to utilize more photographs for publication. Through the regular publication of various *Bradford* articles in the *Wellesley Townsman*, the community became more readily able to understand school-related matters from the perspective of students.

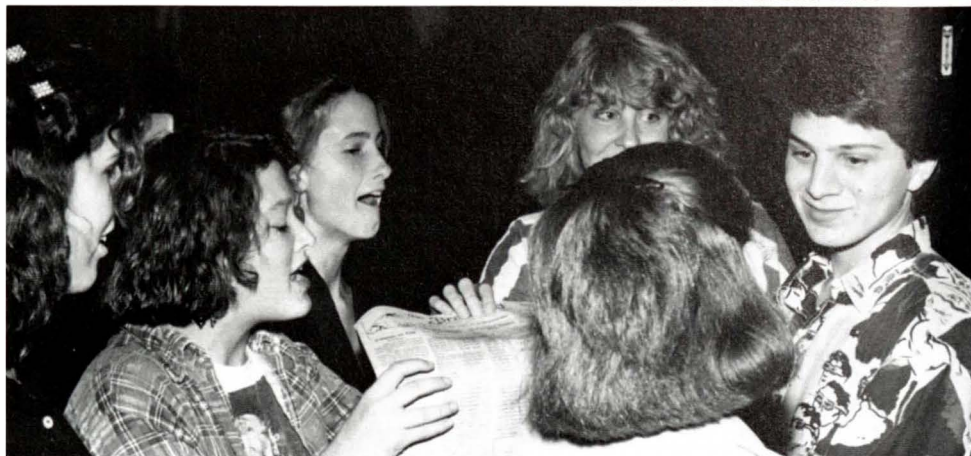

Led by editors Vineel Shah and Brad Simon, the *Bradford* provided layout services for the newly revived arts magazine, *Kaleidoscope*, and other school activities. More than ten members attended an all day journalism seminar and awards ceremony. The *Bradford's* quality was noted in many nation wide newspaper contests. For the first time probably ever, the *Bradford* is financially sound, thanks to our ad editor and his staff and the School Improvement Council.

Co-Editors Brad and Vineel

The staff included many members of the original staff that revived the paper the previous year. It also added over forty contributors to each issue. Editors-in-chief: Vineel Shah and Brad Simon, News Editors: Jessica Foster, Margaret LaRaia, and Julia Daly, Copy Editors: Lindsley Hand and Rachel Kleinberg, Features Editor: Lyn Elliot, Ad Editor: Jeremiah Wilton, Sports Editor: Peter Solomon, Beat Editor: Cassandra Johnson, Photo Editor: Scott Whitmore, Foreign Language Editor: Tamsy Johnson, Advisor: Dennis McCormick.

Most importantly, the *Bradford* is in exceedingly able hands for the upcoming year and will continue to expand; never again to fall to the ashes.

"I can't believe it! This is better than the New York Times!"

SADD

The Wellesley SADD has been very successful this year. The chapter was one of the three SADD Chapters in MA. that was invited to attend the National SADD Convention in Washington. SADD has found many creative ways to spread the word about the dangers of drinking and driving. For example, The Veterans Day Parade, the SADD Tee-Shirts, Project Red-Ribbon, mittens for a Bridge Over Troubled Waters, and Drug and Alcohol Awareness Week. They also spread the word through many exciting events such as the Male Fashion Show, Save-A-Sweetheart, Dunk Drunk Driving, the Girls Hockey Game and the Dating Game.

French Club

The first French Club activity for the year was a fund raiser. The club sold French chocolate mint candy bars which raised about \$200. The club also played floor hockey against the German and Spanish clubs. In December, the club sponsored a holiday fondue party during which both fondue au chocolat and fondue au fromage were enjoyed. C'Etait bon! In May, the club attended a performance of Maliere's the Miser at the American Repertory Theatre in Cambridge.

FRENCH EXCHANGE

FRENCH EXCHANGE

1989 was the sixth year that there has been an exchange between Wellesley High School and Lycee J.B. Corot in Savigny-sur-Orge, France. This year six Wellesley High School students, Julia Daly, Martha Elliot, Adriana Lomuto, Becca Mandell, Laura Nash, and Mary-Cate Riley were accompanied by Mr. Peter Haggerty and his son, Eric. The group traveled through Normandy with other American students, stayed with families living in the area of Savigny-sur-Orge.

Eight French students arrived in Wellesley at the end of March, and two additional Wellesley High School students hosted them.

The German American Partnership Program at WHS has been in existence six years. The partner school, Thomas Mann Gymnasium is located in Munich. The program is so popular that the German partner teacher has over fifty applicant for only twenty spaces.

The twenty Wellesley students who go on the exchange spend four weeks in Germany over summer vacation. Three weeks were spent with the partner school, living with a German family, attending school, and participating in many cultural activities. These have included visiting Neuschwanstein Castle, the Paulaner Brewery, Salzburg, the famous salt mines in Berchtesgaden, a weekend mountain hike, and many others.

The students also spend five days in Berlin. A visit to East Berlin is always included.

In May and June the German students spend three weeks in Wellesley. They visit such sights as Newport, Plymouth, Salem, and the Freedom Trail. A pot luck dinner and square dance are always on the program, in addition to school activities.

"Deutsch macht Spass!" That is what every new member of the German Club learns soon after the beginning of a new school year. Initiation takes place early in October with the Kaffeeeklatsch.

These Kaffeeklatsches are meetings held at someone's house so that new members can be initiated by the elders. Members play games in German and get to know each other. Later, in November, members participate in exciting round-robin floor hockey games against other clubs.

Before Christmas vacations, members have a party at a member's house and exchange gifts. We also discuss fund raising plans for the activities taking place when the German Exchange students arrive from Munich in the spring.

This year the club held a very successful fund raiser raffle. Tickets for a dinner and a night at the Ritz were the prizes.

The Spanish Club participates in activities pertaining to Spanish and Latin American culture and Spanish-speaking peoples. Two of the most popular activities this year were a field trip to La Tuna a Flamenco, Latin American music concert and a field trip to the Museum of Fine Arts to see the Goya painting exhibit.

SPANISH EXCHANGE

Spanish Exchange

This year Wellesley High Spanish classes enjoyed a busy September and early October, with a visit of another group from our sister school in Madrid, the Colegio Nuestra Senora de Montserrat. Both Americans and Spanish students enjoyed a full round of activities in school, in the community and on local trips of cultural and historical interest. Activities for the three weeks include classroom discussions, visits to Plymouth Plantation, Salem, Newport, Boston, dinner at the Rotary Club, house parties where we learned Spanish dances, and many other interesting events.

In February, a group of nine Wellesley High School students spent three weeks in Spain visiting their Spanish brothers and sisters and enjoying school and community life Spanish style. The participating students this year were Jen Civetta, Tiffany Coffey, Barnaby Donlon, Jennifer Hume, Becky Pruslin, Evan Reeves, Geo Snelling, James Walsh, and Ed Wilkinson. While in Spain we visited many Spanish cities such as Salamanca, Segovia, Avila, and Toledo. Strong bonds of friendship and international understanding were made through this years program. We look forward to continuing our relationship for many years.

Amigos de las Americas

The Amigos de las Americas program volunteers provide health care in the areas of dental hygiene, eye and ear examinations, administering vaccinations and aiding with other aspects of health care with poor people in Latin America. Students attend weekly classes prior to going to Latin America in the summer. The participants find the program to be highly enriching.

KEY CLUB

The Key Club is a service organization comprised of over forty-five members. Key Club's main service projects this year are Samariteens, a teen suicide center in Boston, and the Kiwanis Pediatric Trauma Center. This year has been a very productive year because the club raised over \$1,000 for various projects.

Amy Spooner, Melissa Dowling, Matt Parsons, Julie Wilker, Sally Reis, Allison Garvin

The Key Club sponsored the cookout on the first day of school for freshmen and seniors. Key Club sold hotdogs and drinks at all home football games. The group collected over \$895 this year for Globe Santa. Over the winter months, Key Club participated in the Cerebral Palsy Telethon at Channel 5 and made over \$150 selling carnations on Valentine's Day. Key Club sponsored a breakfast for each department in the school as well as the annual teachers' luncheon. The WHS Key Club had a very successful year and had a great time donating the helping the community.

NHS Induction Ceremony

National Honors Society

The 1988-1989 National Honor Society has participated in many activities during the past year in the area of fund raising and community service. More than \$5000 was raised for the National Heart Association Phone-A-Thon in a record breaking effort at the Newton Wellesley Hospital. Several visits to the Newton Wellesley Nursing Home were a particularly favorite activity of the membership. Money was also raised in the Kids Fair and a car wash for the benefit of the National Honors Society Scholarship. The NHS would like to thank President Emily Kalejs and advisor Mr. Paul Brown for the many efforts made in behalf of the National Honors Society.

STUDENT COUNCIL

The Student Council took an active stand towards issues facing Wellesley High during the 1988-1989 school year. Student Council voted and made statements concerning the red Raider mascot issue and the School Committee/WTA contract negotiations. Student Council sponsored the Red Cross Blood Mobile and the school-wide Mock Election. Also in November, the Student Council sponsored a Student Caucus at which articles written and presented by members of the student body were voted on and passed to become items on the agenda for the year. The Senior Project option, Morning Announcements read by students, and Library Archives were three main offerings initiated by Student Council during the school year. Student Council members also worked diligently on the Seminar Day held in March. Next year, Student Council will work at continuing the efforts made to begin both a Paper Recycling program and a Peer Leadership at the high school.

MATH CLUB

Math Team

First Row: Kaz Tanaka, Christine Carpenter, Mike Tann, Brandon Lai. Second Row: Moez Sohani, Mark Ubaldino, John Dudek, Mr. Sullivan

The Math Team competes in the greater Boston Mathematics League, which conducts five competitions per year. To practice for these competitions the Math Team meets one afternoon per week. Next year, the Math Team hopes to expand into other leagues in the Greater Boston area. Other leagues require ten or more team members, so more student participation is desired. 187

CLOSE-UP

Close Up

The Close Up group had a fantastic trip to Washington D.C. Some went to the Ollie North trial, others sat in on a terrorist committee meeting about Salman Rushdie's *Satanic Verses*. We were so close to real politics, one could almost smell the power, corruption, and intensity. Most of us went to see Barney Frank on Seminar Day since we had heard him speak one week before in D.C. Sorry all you history book buffs, but no amount of ink can teach you what we learned on Close Up!

RUSSIAN EXCHANGE

In April, the first social studies exchange between the Soviet Union and Wellesley began when ten students, their teacher, and interpreter landed in Moscow for five days of sightseeing. At the end of that time, everyone boarded an overnight train for Leningrad, where the actual exchange with school #185, and English intensive school, began. Students lived in the homes of their Soviet hosts and attended classes in the morning six days a week for the two weeks of the exchange. Trips to nearby towns, palaces, and museums filled the afternoons, and theatre, ballet, opera, the circus, and free time occupied students in the evenings.

The ten students: David Collard, Anton Janik, Jill Kateman, Sara Korn, Matt Parsons, Alison Purinton, Erik Sanner, Robyn Smith, Kathryn Ward, and Anne Whitman, along with their Soviet Union class teacher, Mr. Whitbeck, were impressed by the warmth of their reception, the overwhelming hospitality and generosity displayed by the Soviet people as they stood in a seemingly endless number of lines waiting to buy the few goods available. Everyone looks forward to the visit of the Soviets to Wellesley in November and the anticipated establishment of an annual exchange with our newly made friends at school #185.

Moving Company

A co-curricular advanced dance ensemble is receiving accreditation for the first time this year. We held auditions in September and accepted twenty two dancers. This year, the Moving Company started off with a Halloween piece entitled, "Dracula's Blood" presented at the Halloween dance. The Moving Company along with Drama Club performed in the Veteran's Day Parade performing "Ease on Down the Road." Members of Moving Company performed in, "The Wizard of Oz."

The Moving Company premiered, "Steadfast Tin Soldier" at the Winter Concert. In April, Moving Company performed at a luncheon for the Council on Aging. In May, the Moving Company presented, "Danceworks," the annual Spring Dance Concert.

PHOTOGRAPHY CLUB

The Photo Club has over 50 members and operates the darkroom after school. It has also had field trips after school to an animation festival in October, to the Museum of Science and the Omni Theatre, and went on a canoe trip and hiking afternoon in the Spring.

AFS-AMERICAN FIELD SERVICE

Anne and her host sister.

"I went to Argentina this summer. In my family, I had a 13 year old sister, Andrea, and two little brothers. I went to school on the days that there were no bomb scares or teacher strikes. Most of the time I would eat, play pool, and party, especially on the weekends when we would go out from 1 AM to 6 AM. I had a blast and I'd love to go back." — Anne Beaven (Argentina)

"I spent this past summer living with a Japanese family in a suburb of Tokyo, Japan. The first month of my stay I commuted into Tokyo daily to my language school where I studies Japanese. The second month I vacationed in the mountains and went to summer camp near Mt. Fuji, among other things. I met wonderful people and experienced many new and exciting things. Japan is super — I hope to return sometime in the near future!" — Britt Collier (Japan)

Britt and her host parents

"I went to Japan for 10 weeks last summer. I lived with a Japanese family outside of Tokyo. I was fortunate enough to have a sister the same age and a ten year old brother in my family. I was enrolled in the language program and attended school for 4 weeks to study Japanese. My experience in Japan will be one I will never forget. I have good memories and friends that I will always feel close to." — Kim Donohue (Japan)

Kim and her host sister.

Lindsley in her school uniform.

"I spent 9 weeks on the homestay program with a wonderful family in Songkhla, an important city in the southern part of the country. I attended a school of 5,000 students from grades 7-12, where I was the only Caucasian. The people were friendly and accepting. The food was exotic and extremely spicy, but delicious, and despite not knowing a word of Thai upon my arrival, I had a wonderful time and learned an enormous amount." — Lindsley Hand (Thailand)

Jen in Germany.

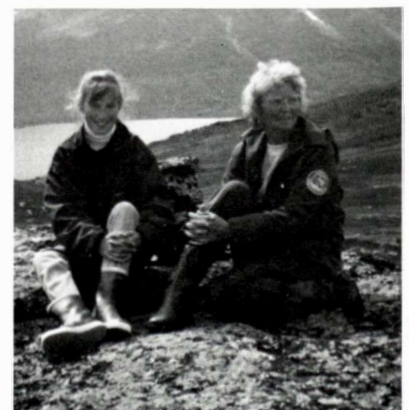

"During my AFS stay I lived in Germany for 8 weeks. Half of the time I was with my family and the other half I was in a language program. This was the best and the most rewarding experience I have ever had. I learned a totally new way of life while meeting new people who have become my second family. I had the best time and I encourage anyone to do it." — Jen Hicinbothem (Germany)

"I lived in Liberia, West Africa, for 2 months last summer. Big families are the best! There were ten children in my host family, and all of them African — friendly and so eager to show me their country. Africa is amazing — I'm moving back next chance I get!" — Emily Kalejs (Liberia)

Emily and her host family.

"I spent my summer in a town called Moide on the West Coast of Norway. I stayed with the Thomasgards, a family consisting of parents and two teenage brothers. I went hiking in the Alps, sailing, fishing, and swimming in the Fjords, and ate plenty of fish, homemade bread, cheese, and chocolate!" — Margy Langfold (Norway)

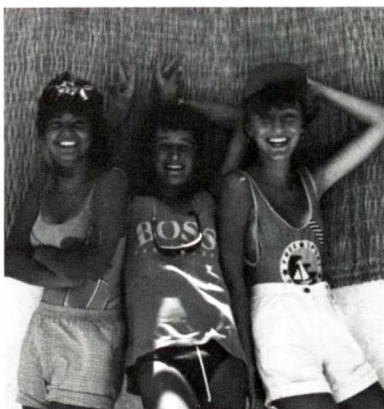

Margy and her host grandma.

American Field Service is an organization which sends Americans to foreign countries for either the summer or for a full year. Last year we sent 15 people to countries such as Australia, Finland, and Liberia. In addition to sending Americans abroad we also host foreign students. This year the Wellesley AFS chapter hosted Mareika from Germany and Hiroki from Japan (year students). This summer students will be going to countries such as Germany, Finland, and Australia.

"My summer in Italy was awesome! One of the places that I visited was Pompeii. Pompeii was really incredible — there were so many things to see! What really caught my attention were the petrified people. (See picture)." — Liliana Lopez (Italy)

Omayra and friends.

"During my AFS experience I stayed in Izmir, Agvalik Kugadasii, and Iztanibal (in Turkey). Here, in this picture, I am with 2 of my friends Gokhön and Elif in Agvalik, Turkey." — Omayra Marrero (Turkey)

"I spent the summer of '88 in Yan, a small village in northern Malaysia. My AFS father was a fisherman and my mother was a teacher at school. Most of the time I was in school trying to learn Malay and helping teach English. saya tidak lupa Malaysia dan saya bolen chakap bahasa Melayu." — Jay Negro (Malaysia)

Jay at school.

"I went to Finland for the summer. I lived on a farm for a month and then in a city quite like Wellesley. In my second family I had an 18 year old brother, a three year old sister and two parents who were both teachers. I had a great time with my school family and hope to go back some time in the future." — Jen Olsen (Finland)

Jen and her host sister

Matt wearing his Tunisian costume.

"I spent my AFS summer in Tunisia, North Africa. Staying with a Muslim host family, I was given the unique opportunity to learn French and Arabic from my siblings, Khaled, Karim, and Alya. Carthage, Muslim rituals, night-clubs, and wind-surfing were also a part of my fabulous experience. L'hamadullah!" — Matthew Parsons (Tunisia)

Cammie and her host sister.

"My Turkish mother, father, 21 year old brother and 13 year old sister lived in Eskisehir, Turkey and owned a summer house at Datca on the Mediterranean Sea. I observed ancient ruins, mosques, Moslem religious festivals, village life and traditional Turkish dancers. I also saw historic spots in Izmar, Ephesus, and Istanbul. Neither my mother nor my father spoke English, while my brother and sister had a limited vocabulary. Being able to communicate in French with my father, I learned enough Turkish to converse with my mother and friends. For eight weeks I never saw a single cloud, and came home looking like a native Turk." — Cammie Preston (Turkey '89)

"Last summer I went to Italy. These are some of the people I met along the way (see picture). I spent five weeks in Milan and three weeks in San Ginignano learning to speak Italian." — Julie Preston (Italy)

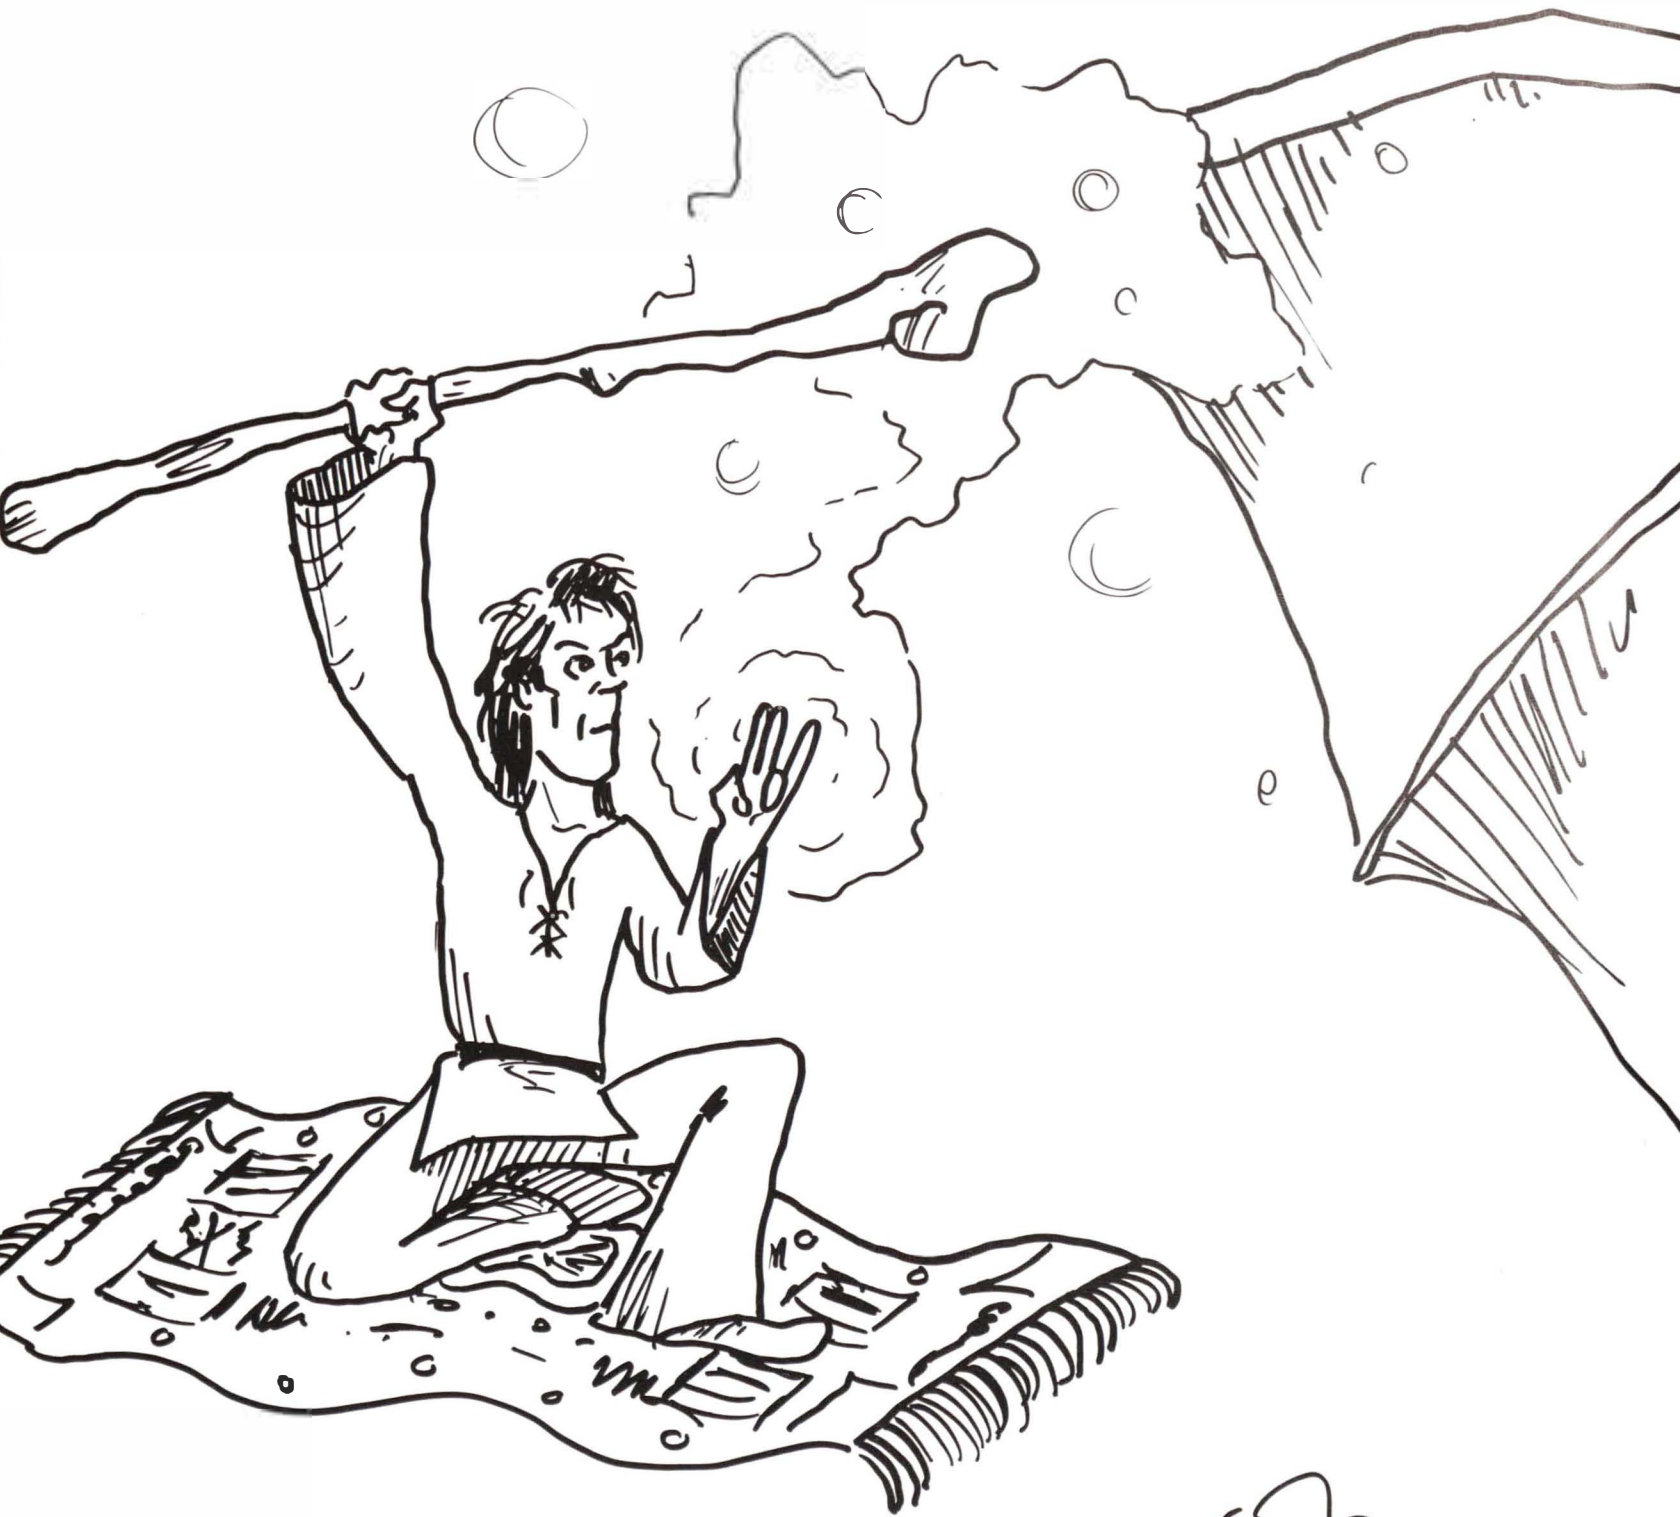

Where's Julie?

Bob Waugh spent his summer in New Zealand. He lived with a host family for 6 weeks at the beginning of his stay. During this time he attended a private boys school. His next 3½ weeks were spent on the outdoor program on South Island.

MAGIC

There is a place between time and space,
Where moments are captured
And memories are made.
It lies in our days and nights,
We might not notice it but its light always shines bright.
It allows us to never forget
What is behind and what is yet to come.
It is with us at all times.
Though we cannot understand its nature,
We have to let it take us through the times
Of a first hello and a final good-bye.
It is magic,
And it will never let our memories die.

ALL I EVER REALLY NEEDED TO KNOW I LEARNED IN KINDERGARTEN

Most of what I really need to know about how to live, and what to do, and how to be, I learned in kindergarten. Wisdom was not at the top of the graduate school mountain, but there in the sandbox at nursery school.

These are the things I learned: Share everything. Play fair. Don't hit people. Put things back where you found them. Clean up your own mess. Don't take things that aren't yours. Say you're sorry when you hurt somebody. Wash your hands before eating.

Flush. Warm cookies and milk are good for you. Live a balanced life. Learn some and think some and draw and paint and sing and dance and play and work every day some.

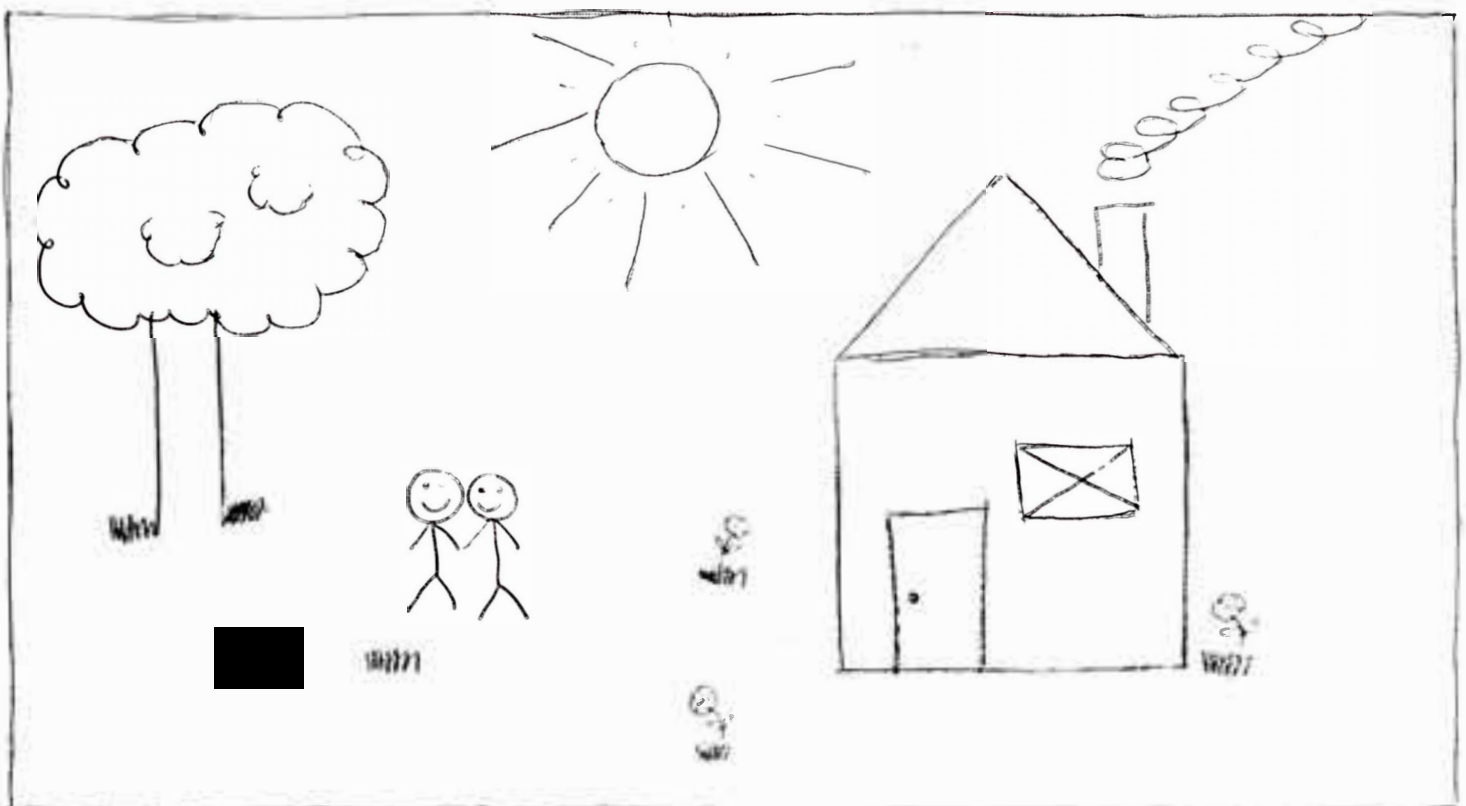

Take a nap every afternoon. When you go out into the world, watch for traffic, hold hands, and stick together. Be aware of wonder. Remember the little seed in plastic cup. The roots go down and the plants goes up and nobody really knows how or why, but we are all like that.

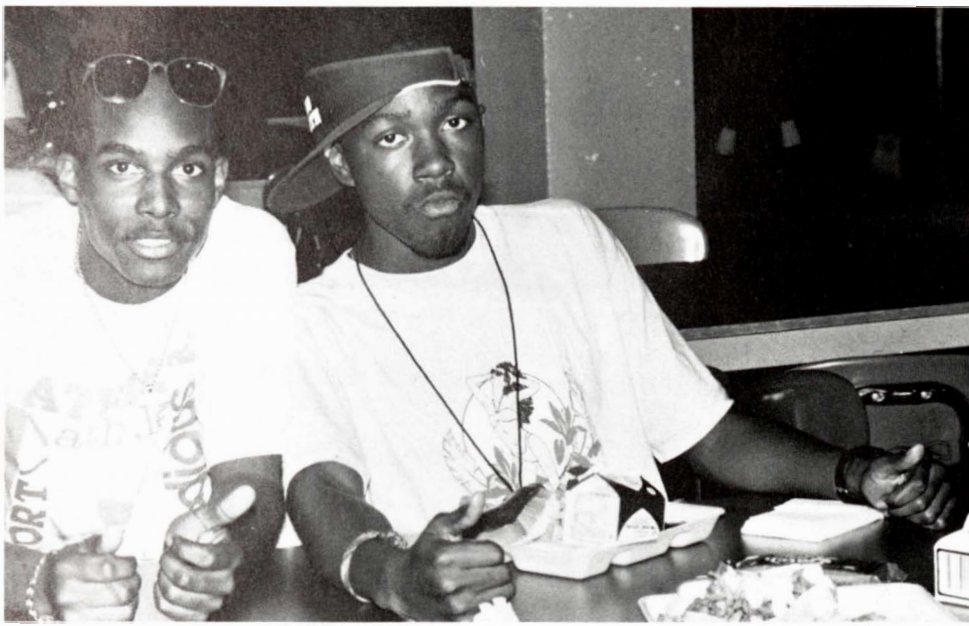

Goldfish and white mice and even the little seed in the plastic cup — they all die. So do we.

And then remember the book about Dick and Jane and the first word you learned, the biggest word of all; LOOK. Everything you need to know is in there somewhere. The Golden Rule and love and basic sanitation. Ecology and politics and sane living.

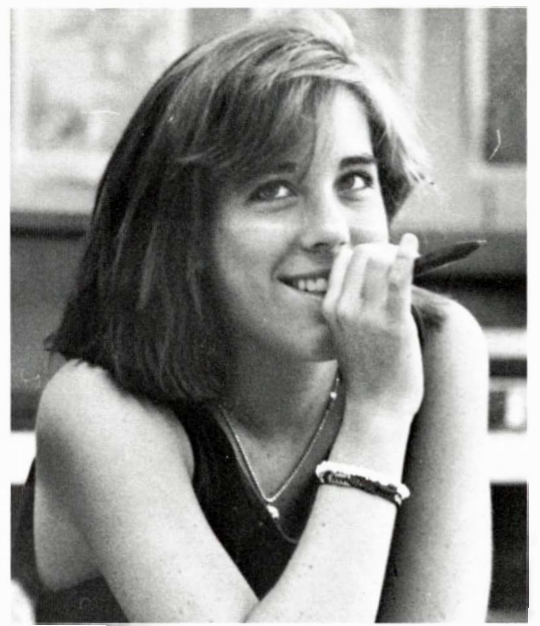

Think of what a better world it would be if we all — the whole world — had cookies and milk about 3 o'clock every afternoon and then lay down with our blankets for a nap. Or if we had a basic policy in our nation and other nations to always put things back where we found them and cleaned up our own messes. And it is still true, no matter how old you are, when you go out into the world, it is best to hold hands and stick together.

COLLEGE CREDIT.

Credit for course work isn't the only hard part about college. Paying the bills is sometimes difficult and that's when you need our kind of credit.

We provide a full program of student loans.

We offer both HELP Loans for eligible scholars and PLUS Loans and VALUE Loans for parents. The rates and repayment schedules conform to nationwide practice.

This means, in order to stand apart, we have to do more. And we do.

For instance, you can expect faster turnaround time on approvals.

You can also count on personalized service including sound answers to your questions and more.

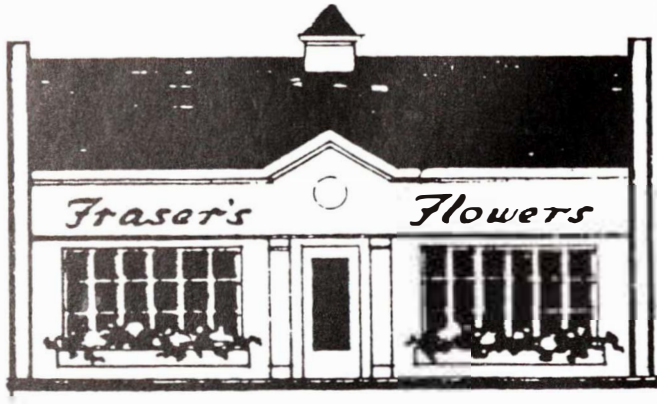

This is especially helpful if you're just starting a college career.

So start today and learn more. Discover why so many credit us with the best student lending program around.

WHAT IS SUCCESS?

To laugh often and love much;
 To win the respect of intelligent persons
 and the affection of children.
 To earn the approval of honest critics
 and endure the betrayal of false friends
 To appreciate beauty.
 To find the best in others.
 To give of one's self without the slightest thought of return.
 To have accomplished a task, whether by
 a healthy child, a rescued soul, a garden
 patch or a redeemed social condition.
 To have played and laughed with enthusiasm
 and sung with exaltation.
 To know that even one life has breathed
 easier because you have lived.
 This is to have succeeded.

We would like to wish the class of 1989 and all of our friends happiness and success in their future endeavors.

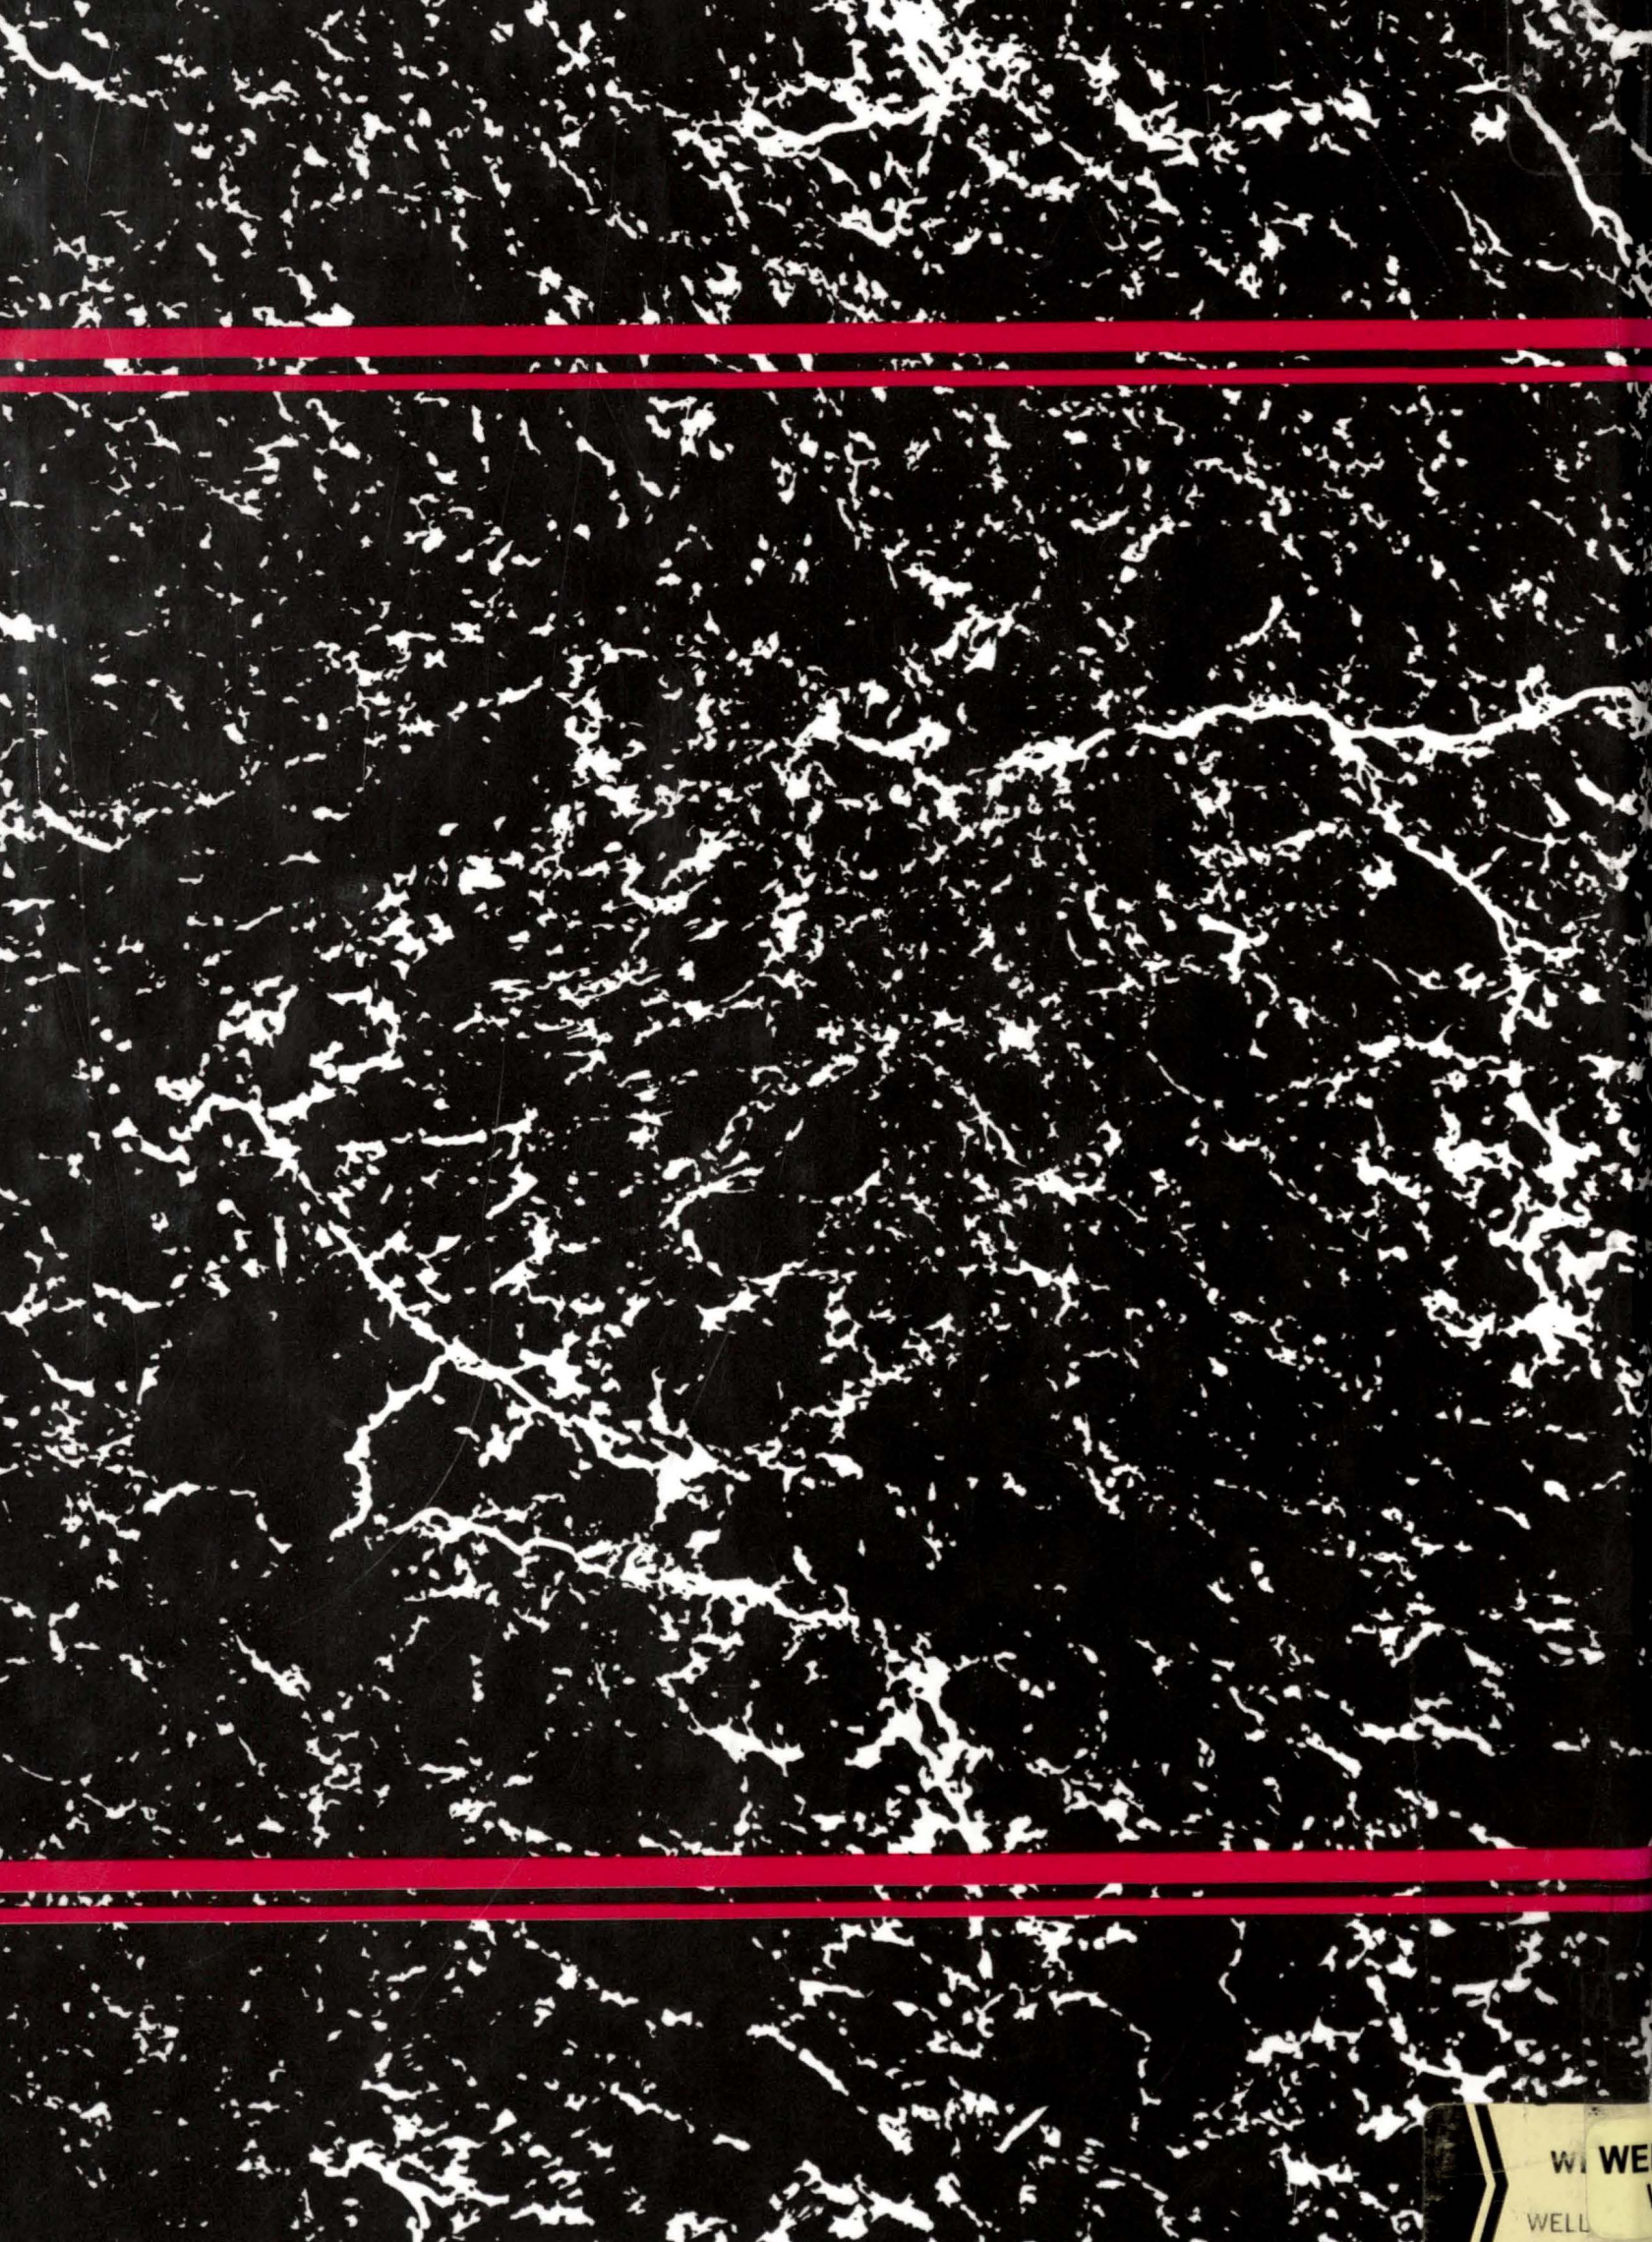

Special thanks and good luck to Ms. Barrett who has not only been our advisor but our good friend as well. We couldn't have done it without her!

Thank you to all of our outstanding staff members. We are confident that Michelle Gobiell and Kim Welburn, co-editors of the 1990 *Wellesleyan*, will do an excellent job next year.
